Scope for certificate 2020-001

The scope of this ISO/IEC 27017:2015 certification includes the Information Security Management System bounded by:

The scope of the Cloud Security framework as established with the Information Security Management System currently implemented for SEC Management System.

The services in-scope of the management system are:

- ▶ IIJ Secure Web Gateway Service (SWG, Statement of Applicability for services provided by SEC management system version 1.4)
- ▶ IIJ DDoS Protection Service (YDS, Statement of Applicability for services provided by SEC management system version 1.4)
- ▶ IIJ Managed WAF Service (MWF, Statement of Applicability for services provided by SEC management system version 1.4)
- ▶ IIJ GIO Remote Access Service (GAM, Statement of Applicability for services provided by SEC management system version 1.4)
- ▶ IIJ Managed Firewall Service (MFW, Statement of Applicability for services provided by SEC management system version 1.4)

The Information Security Management System is centrally managed out of Iidabashi HQ, Grand Bloom 2-10-2 Fujimi, Chiyoda-ku, Tokyo, Japan.

There are other locations in-scope of the management system, however, these have not been explicitly mentioned on this certificate due to security concerns.

Approximately 123 people are in scope of the management system.

The Information Security Management System mentioned in the above scope is restricted as defined in the scope document version 1.4, dated November 11, 2024 for MWF, YDS, SWG, GAM and MFW.

This scope is only valid in connection with certificate 2020-001.
